ACTIVET PRO LaserShower™

MR5 Technology, Multiplied

The proven efficacy of multi-wavelength MR5 Technology has been expanded with more light sources in a larger treatment head, so you can cover more treatment area and deliver more energy than ever before.

Practice Benefits

- Unlock another level of clinical efficiency with fully portable, on-demand devices available for use in every room of your clinic.
- Maximize the full financial opportunity of light-based medicine around the clinic, from exam room to surgical suite.
- Enjoy the versatility to control pain, accelerate recovery, and enhance performance with an unparalleled safety profile, delivered by any tech, in any room, at any time.
- Provide your staff confidence and consistency in user experience with Priority Principle to help manage the symptoms of the core injury and guide the patient through the body's natural healing processes.

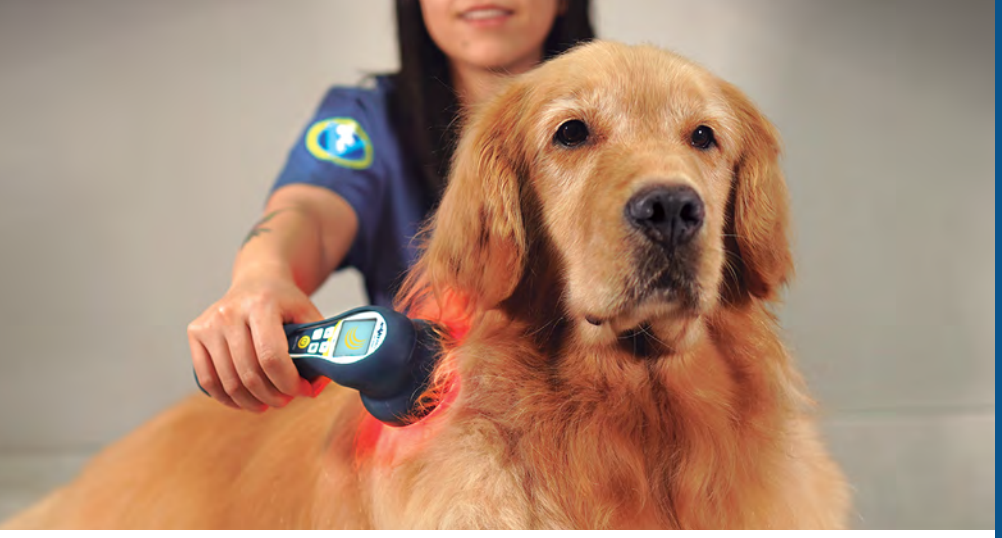

Patient Benefits

- Confidently treat your patients with the most clinically researched laser available, validated by 64+ peer-reviewed, published articles.
- Deliver more total energy with up to 200 Watts of super pulsed technology and multi-wavelength design that ensures optimal penetration into tissue with the highest level of efficacy.
- Revolutionize your wound care with blue light that has been proven as an unparalleled anti-microbial agent that preserves healthy cells.
- The unique design of the LaserShower ensures consistent dosage across a larger treatment area.

Proven Technology from a **Partner you Trust**

Multi Radiance Veterinary

Specifications

Laser radiation:	905nm
Broadband infrared radiation:	850nm
Visible red light radiation:	630nm
Visible blue light radiation:	470nm
Laser radiation peak pulse power:	200W
Broadband infrared radiation average power:	300 mW
Red light average power:	200 mW
Radiation aperture:	30 cm^2
Magnetic induction:	35±10 mT
Overall dimensions:	203x64x70 mm
Net weight:	250 g

About Multi Radiance

Multi Radiance is a global leader in light-based technology, including medical imaging and a 20+ year focus on laser therapy. With 64+ peer reviewed articles, our commitment to research and education allows us to optimize our technology, validate our methodology, and create predictable and reproducible patient outcomes, both in-clinic and at-home.

Features

Super Pulsed Technology

- Up to 200 Watts of Peak Power, proven to deliver more total energy deeper into tissue with the highest level of efficacy.

Multi-Wavelength Design

- Super Pulsed Laser, Near Infrared, Red Light, Blue Light, Static Magnetic Field.

  905nm | 850nm | 630nm | 470nm

Blue Light

- Blue light has been proven to have anti-microbial effects that are extra effective on wounds and dermatological issues.

On-Demand Portability

- Fits in your back pocket. Bring it from exam room to surgical suite, and into rehab.

Increased Aperture Size

- Treat larger areas with our 30cm^2 expansive aperature.
