ACTIVET PRO

The Most Researched and Validated Lasers Available

MR5 Super Pulsed Technology:
With peer-reviewed publications and multiple FDA clearance validating the mechanism & efficacy, enjoy the versatility to safely treat patients effectively and on-demand throughout the clinic.

Practice Benefits

- Unlock another level of clinical efficiency with fully portable, on-demand devices available for use in every room of your clinic with an FDA-cleared device proven to be safe and effective
- Maximize the full financial opportunity of light-based medicine around the clinic, from exam room to surgical suite
- Enjoy the versatility to control pain, accelerate recovery, and enhance performance with an unparalleled safety profile, delivered by any tech, in any room, at any time.
- Provide your staff confidence and consistency in user experience with Priority Principle to help manage the symptoms of the core injury and guide the patient through the body's natural healing processes

Patient Benefits

- Confidently treat your patients with the most clinically researched laser available, validated by 64+ peer-reviewed, published articles.
- Deliver more total energy with up to 50 Watts of super pulsed technology and multi-wavelength design that ensures optimal penetration into tissue with the highest level of efficacy.
- Revolutionize your wound-care with blue light that has been proven as an unparalleled anti-microbial agent that preserves healthy cells.
- Treat even the toughest areas with interchangeable heads for complete coverage.

Proven Technology from a
Partner you Trust

Multi Radiance
Veterinary

(440) 542-0761 | Vet.multiradiance.com

Specifications

Laser radiation:	905nm
Broadband infrared radiation:	860nm
Visible red light radiation:	660nm
Visible blue light radiation:	465nm
Laser radiation peak pulse power:	50W
Broadband infrared radiation average power:	250
Red light average power:	100 mW
Radiation aperture:	4±0.4 cm^2
Magnetic induction:	35±10 mT
Overall dimensions:	203x64x70 mm
Net weight:	250 g

About Multi Radiance

Multi Radiance is a global leader in light-based technology, including medical imaging and a 20+ year focus on laser therapy. With 64+ peer reviewed articles, our commitment to research and education allows us to optimize our technology, validate our methodology, and create predictable and reproducible patient outcomes, both in-clinic and at-home.

Features

Super Pulsed Technology

- Up to 50 Watts of Peak Power, proven to deliver more total energy, deeper into tissue with the highest level of efficacy.

Multi-Wavelength Design

- Super Pulsed Laser, Red Light, Near Infrared, Blue, Static Magnetic Field.

  465nm | 660nm | 860nm | 905nm

Blue Light

- Blue light has been proven to have anti-microbial effects extra effective on wounds and dermatological issues.

On-Demand Portability

- Fits in your back pocket. Bring it from exam room to surgical suite, and into rehab.

Laser Acupuncture and Utility, Trigger Points Probes

- Acts as a waveguide, delivering targeted treatment to hard-to-reach areas, effectively used for otitis, infection, and dental treatments.
