My Pet Laser 2.0

The Ultimate Extension of Clinical Efficacy, At Home

With a focus on client-centered care, you can prescribe our safest Super Pulsed technology, proven to enhance patient outcomes from the comfort of your client's homes and schedules.

Practice Benefits

- Increase overall compliance with the plan of care through the full prescription term.
- Free up exam rooms & staff time to better utilize your in-clinic resources to maximum financial & logistical potential.
- Enjoy a passive revenue stream that is reasonable for your patients and impactful to your bottom line.
- Confidently provide the versatility to control pain, accelerate wound healing, recover quicker from surgery, and enhance performance with an unparalleled safety profile, delivered at home.

Patient Benefits

- Extend the proven efficacy of light-based therapy beyond the clinic, through the patient's full path to recovery.
- Enable the convenience of treatment in the comfort of your patient's home and at their schedule.
- Increase the frequency of laser treatments to support a faster and more complete recovery.
- Enjoy all the clinical effectiveness of 25 Watts of super pulsed technology and multi-wavelength design, but simplified & optimized for at-home care.

Proven Technology from a **Partner you Trust**

Multi Radiance Veterinary

Specifications

Laser radiation:	905nm
Broadband infrared radiation:	850nm
Visible red light radiation:	660nm
Laser radiation peak pulse power:	25W
Laser pulse duration:	70-90 ns
Broadband infrared radiation average power:	200±10%
Red light average power:	120±10%
Radiation aperture:	4 cm^2
Magnetic induction:	35-110 mT
Overall dimensions:	180x65x45 mm
Net weight:	228 g

About Multi Radiance

Multi Radiance is a global leader in light-based technology, including medical imaging and a 20+ year focus on laser therapy. With 64+ peer reviewed articles, our commitment to research and education allows us to optimize our technology, validate our methodology, and create predictable and reproducible patient outcomes, both in-clinic and at-home.

Features

Care Beyond the Clinic

- Healing doesn't stop at the clinic. Extend your efficacy home with your pet-owners.

Increased Compliance

- Getting pet-owners to return to the clinic 4-6 times for in-clinic treatments is challenging. Send them home with a simplified, proven solution.

Enhanced Efficiency

- Exam rooms and staff time are expensive and in high demand. Unload that burden and free up your clinics resources.

Safe & Effective

- The same proven super pulse technology as the ACTIVet line, but simplified for pet-owner use at home

25W Peak Power
660nm | 850nm | 905nm
